

Knowledge Exchange Conference

Annis Fung Lai-chu, Ph.D.
City University of Hong Kong

Part I

Project Overview

Project C.A.R.E. :
Children and Adolescents at Risk Education

香港城市大學
City University
of Hong Kong

PI: Annis Fung Lai-chu, Ph.D.

Assistant Professor,
Department of Applied Social Studies,
City University of Hong Kong

Award

- 2009 Teaching Excellent Award Winner, City University of Hong Kong
- 2010 Outstanding Graduate Award, the University of Hong Kong, Department of Social Work and Social Administration

Research Interests

- Childhood and youth aggression
- Proactive aggression and reactive aggression
- School bullying and victimization
- Treatment and intervention

Project Award

- Won the **Outstanding Project Award** in 2008
- Out of over 7,000 QEF projects in 10 years

優質教育基金
Quality Education Fund

Funding

- Total **\$11,000,000**

-2006-07	1 st time: 1 year
-2007-09	2 nd time: 2 years
-2009-11	3 rd time: 2 years

Part II

School Collaboration

Recruitment School

- Fax and email to all schools
- Introductory seminar
- Written agreement
- Selection criteria
- Waiting list: 128 secondary schools & 135 primary schools

No. of Serving Schools & Participants

- Total **77 Schools**:
 - 25 primary schools & 52 secondary schools
- **Students: 39,746**
- **Teachers: 5,883**
- **Parents: 6,246**

Part III

**Knowledge Exchange:
Project Concepts**

New Concept

Aggression ≠ Bullying

- **NOT** all aggressive behaviors are bullying behaviors
- The common concept on bully is **too simplified**
- Counselling should be **targeted on specific type of aggressor** so as to reduce the aggressive behavior much effectively

Definition of “Bullying”

- Aggression as a way to obtain **instrumental goals** (e.g. money, materials, power etc.)
- Aggression **NOT** driven by frustration, hostility or perception of threat
- **Positive** evaluation of aggression and its consequence
- Select the **weak** as target of bullying
(Crick & Dodge, 1996; Glew, Rivara, & Feudtner, 2000; Toblin, Schwartz, Gorman, & Abou-ezzeddine, 2005)

Presentations of Aggression	Physical Aggression	Verbal Aggression	Relational Aggression	Cyber Aggression
Male	<ul style="list-style-type: none"> ◆ Use fist ◆ Use weapons ◆ Close physical contact 	<ul style="list-style-type: none"> ◆ Speak foul language ◆ Quarrel and argue with others 	<ul style="list-style-type: none"> ◆ Form gangs ◆ Isolate others 	<ul style="list-style-type: none"> ◆ Threaten ◆ Intrude other private information ◆ Disclose indecent information
Female	<ul style="list-style-type: none"> ◆ Slap others' face ◆ Pull hair 	<ul style="list-style-type: none"> ◆ Say something that will make others feel uncomfortable ◆ Give others nicknames ◆ Curse others ◆ Scream and shout 	<ul style="list-style-type: none"> ◆ Gossip ◆ Discredit others on the Internet ◆ Form small groups ◆ Socially exclusion 	<ul style="list-style-type: none"> ◆ Wrote nasty things on blogs ◆ Spread rumors through face-book and etc.

Types of Aggressors

操控型攻撃者

1. Proactive Aggressors

2. Reactive Aggressors

反應型攻撃者

Proactive Aggressors = Bullies

1. Proactive aggressor

(Crick & Dodge, 1994; 1996; Vitaro, Brendgen, & Tremblay, 2002)

Cognitive	Emotional	Behavioral	Social
<ul style="list-style-type: none"> • Goal orientated, instrumental and self-enhancing • Aggression as an effective way to achieve personal goals • Intelligent • Well-planned 	<ul style="list-style-type: none"> • Calm • Rational • Without empathy • Callous-unemotional • Cold-blooded 	<ul style="list-style-type: none"> • Bully the weak with one's power and ability • Confident • Deliberate behavior controlled by external reinforcement 	<ul style="list-style-type: none"> • Accepted by peers • Gang up • Dominance in peer group • Leader among the peers

Reactive Aggressors ≠ Bullies

反應型攻擊者

2. Reactive Aggressor
(Crick & Dodge, 1994; 1996; Vitaro, Brendgen, & Tremblay, 2002)

Cognitive	Emotional	Behavioral	Social
<ul style="list-style-type: none"> • Hostile attributional biases • Selectively picking • Attention problem 	<ul style="list-style-type: none"> • Very impulsive • Hot temper • Inability to control emotions • Easily angry • Depressed • Anxious 	<ul style="list-style-type: none"> • Problem-solving deficits in difficult social situations • Aggressive tendency to solve social problems • Aggression as defensive response to frustration and provocation • Retaliatory aggressive response 	<ul style="list-style-type: none"> • Isolated and rejected • Unwelcome by peer • Blame others easily

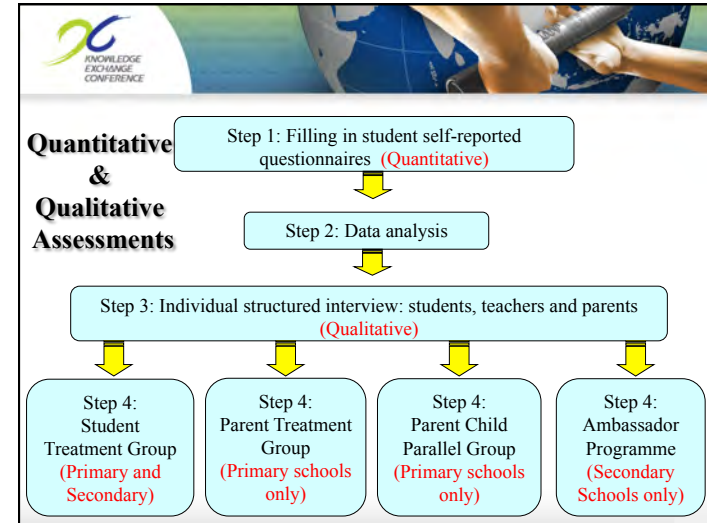

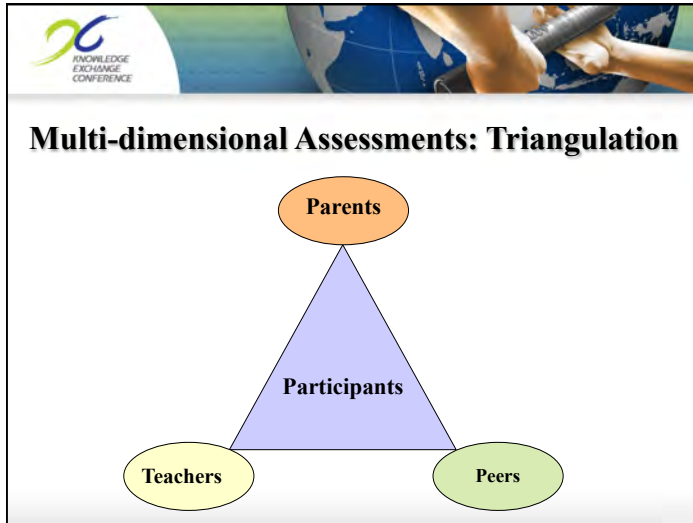

Part IV

**Knowledge Exchange:
Project Objectives & Assessments**

Project Objectives

- **Scientific Evidence-based Research**
 - Develop effective anti-aggression interventions through quantitative and qualitative approaches
- **Longitudinal Studies**
 - Two-year studies with multiple checkpoints
- **Theoretical Framework**
 - Based on Cognitive-Behavioral Therapy (CBT)
- **Ecological Approach**
 - Intervene and involve multi-dimensional roles: Students, teachers, parents, school social workers

Part V

**Knowledge Exchange:
Group Intervention & Evaluation**

Group Intervention

- **Tailor-made interventions** for **specific subtypes**: Proactive aggression and Reactive aggression
- **9** Group members (P.4 – P.6 & F.1 – F.3 students)
- **10** sessions, about **1.5** hours per session
- Conduct at **schools**
- Reframed as leadership training group to **avoid labeling effect**
- **Cognitive-behavioral Therapy**
- Led by professional **social workers**

Major Measurement

Reactive and Proactive Aggression Questionnaire
(RPQ; Raine, Dodge, Loeber, Gatzke-kopp, Lynam & Reynolds, 2006)

- Two subscales, total 23 questions, 3-point scales
- **Proactive Aggression**
 - $\alpha = 0.87$
 - Full score: 24
- **Reactive Aggression**
 - $\alpha = 0.83$
 - Full score: 22

Effectiveness of treatment group --- Proactive Aggressors

操控型攻擊者

Effectiveness of Treatment Group- Reactive Aggressors

反應型攻擊者

Part VI

**Knowledge Exchange:
Conclusion**

Conclusion

1. Discover **new knowledge** in understanding youth aggression and school bullying
2. Innovate **new effective interventions** for reducing youth aggression and victimization
3. From **scientific evidence-based research** to clinical practice
4. **Enrich** frontline **educators'** and **helping professionals'** knowledge and counselling skills
5. **Reduce** school **violence**, homicide, assaults, bullying, and related crimes in **community**

Thank You

For Your Listening!
